B. Overview

The Housing Authority of Columbus, Georgia (HACG) was created in 1938 and is a public body, both corporate and politic, governed by a seven-member Board of Commissioners appointed to terms by the Mayor of the Columbus Consolidated Government. HACG is located on the west-central part of the State of Georgia in Muscogee County, approximately 90 minutes southwest of Atlanta and ranks as the third largest city in Georgia. Columbus is home to the U.S. Army Fort Benning and The Maneuver Center of Excellence, has the longest urban whitewater course in the world, and a zipline across the Chattahoochee River. The city has transformed the downtown with restaurants, retail, luxury apartments and hotels.

HACG's Mission Statement:

The mission of the Housing Authority of Columbus, Georgia, is to be the foremost provider of quality, affordable housing in the Columbus region by developing, revitalizing, and managing contemporary housing communities.

HACG is proud to be designated as 1 of the initial 39 MTW agencies. There are currently 80 housing authorities in the MTW program. HACG was designated as an MTW agency in December 2012 and entered into a 5-year MTW Agreement with the US Department of Housing and Urban Development (HUD), effective July 2, 2013. On April 14, 2016, the agreement was extended to the end of HACG's fiscal year 2028. HACG signed the Third Amendment to the Standard MTW Agreement on March 25, 2020. The MTW designation has propelled HACG to accomplish its mission by allowing for redevelopment and RAD conversion. HACG actively supports and encourages other PHAs to participate in the MTW Expansion efforts.

Prior to signing its MTW Agreement with HUD, HACG managed a diverse rental portfolio complete with market-rent units, PH units, Project-Based Rental Assistance (PBRA) units, Project-Based Voucher (PBV) units, Single-Room Occupancy (SRO) certificates, and Tenant-Based Vouchers (TBVs), that addressed various low-income family compositions. Since then, HACG has added Low-Income Housing Tax Credit (LIHTC) units, additional Tenant-Protection Vouchers (TPVs) and Veteran Affairs Supportive Housing (VASH) vouchers to its rental portfolio, which increases programming diversity and complexity.

HACG sponsors and/or supports a Family Self-Sufficiency (FSS) Program, a Section 8 Homeownership Program, multiple Neighborhood Network Centers (NNC), and provides local transportation services for program participants at HACG-owned sites. It also provides all maintenance, management, financial, and administrative services for three small housing authorities located within a 50-mile radius of Columbus, Georgia. These small authorities each have fewer than 80 dwelling units.

In December 2020, HACG was the eighth Public Housing Authority to be awarded the "National Affordable Housing Accreditation" from The Affordable Housing Accreditation Board (AHAB)" and the fourth MTW agency to receive accreditation. The Accreditation is an award for a five-year period.

Housing providers are evaluated on 8 standards and 47 guidelines; each one measuring how effectively the organization's board, leadership and staff meet their mission of providing high quality affordable housing and related services. AHAB accreditation encourages accredited organizations to continuously improve and excel in providing safe, well managed, high quality affordable housing in their communities.

MTW is a national demonstration program authorized by Congress which gives HACG the flexibility to waive certain statutes and HUD regulations pertaining to both housing assistance programs (housing choice vouchers and public housing). The MTW Program provides HACG opportunities to utilize the use of Federal dollars more efficiently, help residents find employment and become self-sufficient, and increase housing choices for low-income families by introducing new innovative ideas to HUD that address at least one of the three MTW statutory objectives.

The objectives are:

- 1. Reduce cost and achieve greater cost effectiveness in federal expenditures.**
- 2. Give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs to assist in obtaining employment and becoming economically self-sufficient; and**
- 3. Increase housing choices for low-income families.**

HACG MTW activities are all designed to promote one or more of the MTW statutory objectives. HACG believes its MTW designation is the result of many years of laying the foundation for innovation at HACG and through the successful management of its housing assistance programs, as well as being an industry innovator. The MTW activities allows HACG to learn if the introduced idea provides a positive or negative impact to the agency and/or to its residents.

2023 NON-MTW SHORT-TERM GOALS AND OBJECTIVES

HACG submitted a demolition application to SAC on January 23, 2020, for our public housing community known as Chase Homes (GA004000407) and it was approved on May 4, 2020. This demolition is based on environmental issues related to a large power station located adjacent to the site, an active rail line running through the site, and the proximity of the existing residential buildings to a busy thoroughfare (2nd Avenue).

In November 2019, HACG was awarded Low-Income Housing Tax Credits (LIHTC) for the redevelopment of affordable housing at this site. The construction of the new development, The Banks at Mill Village has begun, which will mitigate environmental factors by placing the buildings further away from the power station and rail line. The new development consists of 102 units of mixed income housing with 91 of those units being rented to low-income families whose incomes are at or below 60% AMI. HACG is working with The Mill District Board in the overall objectives and visions of the Mill District and the City of Columbus for this area of the City. The new development in that area will be the catalyst for additional development of commercial and residential sites. HACG and The Mill District Board were awarded and designated a member of Purpose-Built Communities.

HACG submitted a Section 18 demolition application to SAC to demolish two units in Building C301 (Unit #702G and 702H) at Warren Williams/Rivers Homes (GA004000405). These units are considered obsolete due to substantial physical deterioration as a result of foundation issues that cannot be corrected. Previous attempts to resolve the foundation issues did not alleviate the severe settlement problems at this location. The remaining units will continue with RAD conversion. The conversion will be a straight conversion and/or disposition with only critical repairs completed.

HACG received HUD approval on July 30, 2020, to demolish Building 704 consisting of 6 units at Elizabeth F. Canty Homes (GA004000408) due to the building being located in the floodway and could pose a safety risk to the residents and property. The demolition was completed on October 1, 2021. The remaining units will continue with the RAD conversion. The conversion will be a straight conversion and/or disposition with only critical repairs completed.

HACG has two mixed-financed properties with public housing units remaining. These properties were not included in the RAD Portfolio Award because they were constructed following the date of the RAD Portfolio Award. HACG submit RAD applications for Patriot Pointe (24 units) and Columbus Commons (31 units).

HACG signed agreement with In-Fill Housing, Inc., an affiliate of Macon Housing Authority as a General Partner in a Joint Venture to construct and manage a 72 unit elderly complex on Warm Springs Road, Columbus, GA. The new development, Warm Springs Senior Village will consist of the new construction of 72 units of mixed income housing with 64 of those units being rented to low-income families whose incomes are at or below 60% AMI. HACG has awarded 50 regular project-based Section 8 vouchers to the project. The housing will be a mixture project-based Section 8 voucher units (50 units at or below 50% AMI), Low-Income Housing Tax Credit (LIHTC) units (14 units at or below 60% AMI), and market rate units (8 units). The project will also provide supportive services including no cost preventative health care services to residents through a partnership with Valley Healthcare Systems. Residents will also have access to a Community Garden Program through a partnership with UGROW, Inc. and Columbus Botanical Gardens which will offer nutritional and gardening classes. The construction is expected to be completed by Spring 2023.

The following are HACG plans for additional use of MTW Single Fund Flexibility:

- Expand HACG's affordable housing portfolio by acquisition of or development of affordable housing units
- Utilize MTW funds for extraordinary maintenance, enhanced security, and rehabilitation of HACG controlled existing affordable housing
- Strategically reduce debt at HACG controlled affordable housing in order to maintain financial viability
- Wireless Wi-Fi Infrastructure at all HACG developments
- Use MTW funds or charge the properties for Community Resource Coordinator

MTW LONG-TERM GOALS & OBJECTIVES

- ◆ Position HACG to become designated as a Regional MTW Agency
 - Continue to monitor guidance documents from HUD, Federal Register, PIH Notices etc.
- ◆ Support HUD's efforts in the MTW Expansion
 - Consult/Advise other PHAs of the advantages of the MTW program
- ◆ Introduce new MTW initiatives that meet MTW Statutory Objectives

- Propose MTW Activities that meet local housing needs
 - Workforce Housing – HACG may construct or acquire a development for this purpose
- Evaluate the need for initiatives for targeted populations
 - Design a re-entry program, in partnership for ex-offenders
 - Create a different rent calculation for elderly, employed and similar families
 - Provide an early childhood education program
 - Develop incentive initiatives related to education and employment
 - Create incentive and/or preference program for non-traditional “custodial parents”
 - Develop a program to “graduate” families off assistance to homeownership, affordable market units or workforce housing
 - Establish an incentive for two parent households
 - Establish a minimum earned income

NON-MTW LONG-TERM GOALS & OBJECTIVES

To complete of the RAD conversion of Warren Williams (GA004000405) and Canty Homes (GA004000408), HACG will submit a 4% tax credit application to DCA for the rehabilitation and construction of these units.

HACG recently signed a contract with KB Advisory Group of Atlanta, Georgia as consultants to assist with the modernization of Warren William-Rivers Homes and for the development of the BTW South properties. The team is working with HACG to determine the project goals and objectives, hold stakeholder interviews and public visioning workshops. The team will also conduct a site and context analysis, market analysis, preliminary design concepts, evaluate financial sources and uses, and determine financial feasibility. HACG is expecting the final reports and design concepts to be received by February 2022.

The following are HACG plans for additional use of MTW Single Fund Flexibility:

- Expand HACG’s affordable housing portfolio by developing affordable housing units on the property acquired.

Also, expenditures may include the purchase and renovation of a new Section 8 office. Finally, CFP planned expenditures may include physical improvements, enhanced security, management improvements, Agency-wide non-dwelling structures and equipment, administrative and operation fees, and costs, as well as preventative and routine maintenance to dwelling structures Agency-wide, minor pre- and post-construction costs for preliminary and completed project plans as well as Gap financing for new developments.

B. LEASING INFORMATION

i. Planned Number of Households Served

Snapshot and unit month information on the number of households the MTW PHA plans to serve at the end of the Plan Year.

PLANNED NUMBER OF HOUSEHOLDS SERVED THROUGH:	PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED*	PLANNED NUMBER OF HOUSEHOLDS TO BE SERVED**
MTW Public Housing Units Leased	7,254	403
MTW Housing Choice Vouchers (HCV) Utilized	61,560	3,420
Local, Non-Traditional: Tenant-Based^	0	0
Local, Non-Traditional: Property-Based^	0	0
Local, Non-Traditional: Homeownership^	0	0
Planned Total Households Served	68,814	3,823

* “Planned Number of Unit Months Occupied/Leased” is the total number of months the MTW PHA plans to have leased/occupied in each category throughout the full Plan Year.

** “Planned Number of Households to be Served” is calculated by dividing the “Planned Number of Unit Months Occupied/Leased” by the number of months in the Plan Year.

^ In instances when a local, non-traditional program provides a certain subsidy level but does not specify a number of units/households to be served, the MTW PHA should estimate the number of households to be served.

LOCAL, NON-TRADITIONAL CATEGORY	MTW ACTIVITY NAME/NUMBER	PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED*	PLANNED NUMBER OF HOUSEHOLDS TO BE SERVED*
Tenant-Based	N/A	0	0
Property-Based	N/A	0	0
Homeownership	N/A	0	0

* The sum of the figures provided should match the totals provided for each local, non-traditional category in the previous table. Figures should be given by individual activity. Multiple entries may be made for each category if applicable.

ii. Discussion of Any Anticipated Issues/Possible Solutions Related to Leasing

Discussions of any anticipated issues and solutions in the MTW housing programs listed.

HOUSING PROGRAM	DESCRIPTION OF ANTICIPATED LEASING ISSUES AND POSSIBLE SOLUTIONS
MTW Public Housing	Leasing issues due to COVID-19, eviction moratorium and past debts to landlords and utilities. Higher number of vacancies at one time and not enough maintenance staff to quickly turn the units. Also, long lead time to receive supplies and services from vendors and contractors. Short-term solution for vacancy turnaround time will be to contract with an outside vendor for the necessary vacancy preparation.

MTW Housing Choice Voucher	The rental market is saturated partially due to eviction moratorium, therefore making it more difficult to find affordable housing. Landlords' unwillingness to show vacant units because of COVID risks of willingness to leave a unit vacant because of eviction moratorium. Repairs to units taking longer due to contractors obtaining supplies. Also, some landlords are selling property and no longer leasing. Short Term solution consist of: HACG has raised its payment standards to 110% and is granting extensions, as necessary. Hired two additional personnel to assist with decreasing the timeframe for the issuing and leasing of vouchers. Wait list will open in April 2022. Long term solution consists of: Advertising for new landlords as well as looking at the possibilities for landlord incentives.

III. PROPOSED MTW ACTIVITIES: HUD APPROVAL REQUESTED

2023.01 – Second Chance Vouchers

A. Activity Description

i. Describe the Proposed Activity

HACG proposes this activity to avoid the possibilities of ex-offenders becoming homeless by providing them an opportunity to secure an affordable, decent place to live. Research shows that people who lack stable housing following incarceration face a higher likelihood of rearrest and reincarceration. Research also shows where former prison inmates are almost 10 times more likely to become homeless than the general population. On the other hand, a stable home can serve as the foundation upon which returning citizens can rebuild their lives, obtain employment, improve their health, and achieve recovery.

Secretary Fudge released a statement on June 23, 2021. She sent a letter to PHA's, Continuums of Care, multifamily owners, and HUD grantees stating that returning citizens who are at-risk of homelessness are among the eligible populations for the emergency housing vouchers (EHV) and encouraged PHA's and their Continuum of Care partners to ensure that eligible returning citizens are given consideration for these vouchers. HACG received 43 EHV's.

An excerpt from Secretary Fudge's letter.....

“The President and I believe that everyone deserves a second chance and a stable home from which to rebuild their lives. No person should exit a prison or jail only to wind up on the streets. To that end, HUD is committed to taking a comprehensive approach to addressing the housing needs of returning citizens and people with criminal records, and by doing so, increasing public safety within our communities. Addressing re-entry housing needs also furthers the Biden Administration's commitment to advance equity and reverse systemic racism, given the racial disparities evident in the criminal justice system.”

The Columbus Sheriff's Office administers a Re-Entry Programming which prepares the releasing inmates for a successful exiting from the institution. They work with the Mayor's Commission on Re-Entry Sub Committee whose purpose is to coordinate local efforts to support the returning resident adults being released to a Muscogee County residency from an existing local and state incarceration facilities in Columbus and statewide. Currently the newly-released inmates are able to receive essential opportunities through existing local organizations like Safehouse Ministries, United Way of the Chattahoochee Valley, Continuum of Care, and 211, as well as countless housing and service providers. HACG proposes to set-aside funding based on a one bedroom payment standard for assistance in housing returning citizens who are actively engaged in services and programs in the community aimed at reducing recidivism and increasing economic and social upward mobility. HACG will also follow the terms of PIH Notice 2011-45. The housing vouchers will be sponsor based between HACG and Home for Good (HfG). HfG will obtain access and referral through their partnership with the Mayor's Commission on Re-Entry Sub Committee in collaboration with the Continuum of Care Coordinated Entry system.

The Second Chance Vouchers (SCV) will be based on low income limits and have a lease term expiration of two years with the waiver of no re-examination. The voucher will have a flat rate subsidy of up to \$724 (FY 2022 FMR for one bedroom) per month to be paid to HfG. HfG will in turn apply the funding to participants rent and/or utilities each month. By creating a partnership with HfG and providing subsidy dollars to assist otherwise eligible individuals, HACG helps the provider extend the reach of their service dollars thereby supporting the overall success of the participant that is housed.

Participants that receive a Second Chance Voucher are required to have active case management for the full 24 months. There is a minimum of 12 visits per year with 80% of the visits in the participant's home. In order for the participant to continue to receive assistance for the full 24-month term they must meet the following guidelines:

1. Comply with case management requirement for the minimum period established
2. Keep at least 80% of scheduled appointments with case manager
3. Keep all appointments with the medical/mental health doctor, as applicable
4. Keep the rental unit clean and in good condition
5. Report changes in income or family composition to the case manager and the Housing Authority within 10 business days
6. Actively seek and gain monthly income within the first 12 month period.

At the end of the two year term the voucher will expire. The participant shall undergo an assessment 90 to 120 days prior to the completion of the 24 months of rental assistance. The assessment is used to evaluate eligibility for ongoing rental assistance. Should the participant still meet income eligibility and other eligibility requirements, they may be referred to the Coordinated Entry for referral to other programs for those at imminent risk of homelessness.

ii. Describe How the Proposed Activity Will Achieve One or More of the three Statutory Objectives and the Specific Impacts on That Statutory Objective(s)

This activity will support the MTW statutory objective to increase housing choice for low-income individuals/families by providing housing opportunities for ex-offenders who would otherwise face challenges in finding affordable housing due to screening issues and other obstacles as a result of their prior history.

iii. Provide the Anticipated Schedule for Implementing the Proposed Activity

HACG anticipates the following implementation schedule:

- Between July 1, 2022 and December 31, 2023
 - Sign Sponsor-Based MOU between HACG and HfG
 - Issue vouchers as needed

iv. If Applicable, Give the Overall and/or Long-Term Benchmark(s) for Each Metric:

The overall and/or long-term benchmarks will be determined after the first year of implementation of the activity.

v. Give the Data Source from which Metric Data will be Compiled:

HACG will use data collected from Yardi housing software as well as reports provided by Home for Good.

C. Cost Implication

i. State Whether the Proposed Activity Will Result in any Cost Implications (Positive and/or Negative) for the MTW PHA.

The cost of each voucher of this activity for a one-month period is \$724. The maximum amount if all 10 vouchers are utilized the entire twenty-four-month period, the cost will be \$173,760.

ii. If the Proposed Activity Does Result in Cost Implications, Provide an Estimate of the Amount and Discuss How the MTW PHA will Manage the Surplus or Deficit Anticipated:

The cost of each voucher of this activity for a one-month period is \$724. If the entire twenty-four-month period is utilized the cost will be \$17,376 per voucher. The maximum amount if all 10 vouchers set-aside for this activity are utilized for the entire twenty-four-month period, will cost HACG \$86,880 per year, giving total of \$173,760 for the full lease term. This represents only <1% of the HAP budget authority. HACG does not anticipate using all 10 vouchers the first year; but HACG desires to set-aside 10 in case of the need.

D. Need/Justification for MTW Flexibility

i. Cite the Authorization(s) that Gives the MTW PHA Flexibility to Conduct the Proposed Activity:

Attachment D of the MTW Agreement signed July 3rd, 2013, allows “Use of MTW Funds”, which authorizes HACG to utilize funds to support the proposed Second Chance Voucher Activity.

“The Agency may use MTW Funds to provide housing assistance for low-income families, as defined in section 3(b)(2) of the 1937 Act, and services to facilitate the transition to work, whether or not any such use is authorized by Section 8 or i9 of the 1937 Act, ...” (Attachment D, Page 4)

ii.. **Explain Why the Cited Authorization(s) is/are Needed to Engage in this Activity:**

Requested authorizations are needed in order for HACG to extend vouchers to families requiring housing enrolled in the Re-Entry Programming Program through the Columbus Sheriff Office:

- Establish partnership with a sponsor
- Adopt a flat rate for the voucher;
- Set term limits of the vouchers;
- Verify family income and composition quickly;
- Modify the wait list in order to housing second chance vouchers quickly.

E. Additional Information for Rent Reform Activities:

This activity does not meet the rent reform definition.

2014.02 Innovations to Reduce Homelessness

This activity currently sets aside 150 tenant based vouchers (TBVs) that links permanent supportive housing to supportive services for chronically homeless families as a top preference. Secondary preference is homeless individuals or individuals who are living in a place not meant for human habitation or in an emergency shelter, in transitional housing, or are exiting an institution where they temporarily resided up to 90 days. The activity includes a tiered rent schedule, minimum rent waiver and selection preference to the targeted group. Also, HACG is interested to learn if housing stability positively impacts household income, earned income and other socio-economic categories.

Order of preference:

1. Chronically homeless veterans
2. Chronically homeless individuals
3. Homeless veterans
4. Homeless individuals

In addition, the activity places a special emphasis on military veterans, where veterans are a priority preference and newly employed veterans are eligible for employment incentives.

Employment incentives for veterans include:

- ◆ Waiving the minimum rent to assist veterans in focusing on employment (first 12 months)

Employment incentives for “unemployed” veterans that gain employment while in the “program” include:

- ◆ Employment – tiered rent calculation (Veterans only)

- 26% rent calculation for 12 months – year 1
- 27% rent calculation for 12 months – year 2
- 28% rent calculation for 12 months – year 3
- 29% rent calculation for 12 months – year 4
- 30% rent calculation for 12 months – year 5

HACG plans to reduce the number of TBVs available from 150 to 100 effective July 1, 2022. Currently there are an average of 75 leased; therefore, the need for this type of voucher has decreased. HACG anticipates the following for the Innovations to Reduce Homelessness Activity in FYE 2023:

- ◆ There were non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2014.03 Administrative Reforms (HCV Only)

This activity is designed to improve operational efficiencies and reduce operational costs by streamlining the rent calculation process and increase housing choices for program participants.

The activity supports the creation of forms necessary to self-certify assets at the local level. Self-certification of assets is permitted after the initial verification. Assets are subject to random verification. Additionally, this activity allows families to use more of their income (up to 50%) towards their rental amount.

HACG initiated procedures to close-out the PH elements in its 2017 Annual MTW Report due to RAD conversions using Low-Income Housing Tax Credit funds.

HACG anticipates the following for the Administrative Reforms Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2014.04 Administrative Efficiencies (HCV Only)

This activity is designed to improve operational efficiencies and reduce operational costs by introducing a triennial recertification cycle for elderly/disabled families. The opportunity to place elderly/disabled families on a triennial recertification cycle is determined on the head-of-household's (HOH) designation and the household income source(s).

Activity metrics are being tracked and reported in HACG’s Annual MTW Report. Originally, this activity included public housing element, which has become functionally obsolete due to RAD conversion using Low-Income Housing Tax Credit funds.

Currently, HACG continues to conduct “mini-interims” on off-year program participants to reduce “sticker shock” related to rent changes 3-years later. HACG continues to conduct full certification examinations during participants scheduled triennial period.

HACG anticipates the following for the Administrative Efficiencies Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2015.02 Portability Restrictions

This activity restricts the movement of vouchers into and out of HACG’s service jurisdiction. Voucher portability is limited to verifiable employment related reasons. The combined actions of “porting” to higher cost-of-living jurisdictions and voucher holders’ lower earnings, limited HACG’s ability to issue more vouchers and assist families in its own jurisdiction.

Verifiable employment may include the following:

- ◆ A letter of intent to employ (job offer letter), reassign, transfer, and similar
- ◆ Permanent Change of Station (PCS) orders, transfer orders, and similar
- ◆ Document on company letterhead, which will assist HACG in deciding the acceptance of ports in or out of Columbus, GA

Families may lose their rental assistance if a loss of employment occurs at the new location within the first six-months or before agency absorption occurs.

Hardship requests are reviewed on a case-by-case basis in accordance with HACG’s Hardship Policy. HACG will grant ports in cases of Violence Against Women Act (VAWA) and to meet reasonable accommodations.

HACG anticipates the following for the Portability Restrictions Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2015.03 Simplify Utility Allowance Calculation

This activity streamlines the rental calculation process with a simplified Utility Allowance Schedule (UA) used throughout all the different rental assistance portfolio of HACG. The activity supports a UA schedule for 3 rental assistance programs in HACG portfolio:

- ◆ HCV (PBV and TBV)
- ◆ PH and RAD PBV
- ◆ Mixed Financed Sites (HUD UA Schedule)

Activity metrics are being tracked and reported in HACG's Annual MTW Report. The agency actively uses the UA Schedules and transitions schedules between programs due to the PH conversion to RAD PBVs.

HACG anticipates the following for the Simplify Utility Allowance Calculation Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2015.04 Cap Childcare Deduction

This activity modifies applicable rules and regulations necessary to limit the amount of childcare deduction able to be taken by program participants. The activity allows HACG to place a cap on childcare deductions in line with the Georgia Childcare and Parent Services (GA CAPS) reimbursement amounts. GA CAPS helps low-income families afford safe, and quality childcare by subsidizing childcare costs for children under the age of 13.

Childcare costs that exceed GA CAPS reimbursement amounts are reduced to categorical maximum amounts filtered by age. Hardship requests are addressed on a case-by-case basis in accordance with the Hardship Policy.

Families continue to furnish proof of their out-of-pocket childcare expenses and HACG staff simply verifies that provided costs are in-line with GA CAPS based on the child's age and service provider. HACG's rental assistance departments are charged with maintaining an updated GA CAPS chart.

HACG anticipates the following for the Cap Childcare Dependent Deduction Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2016.01 Next Step Vouchers

This activity modifies applicable rules and regulations necessary to dedicate up to 10 TBVs for clients of the Georgia Department of Human Services (GA DHS), Division of Family and Children Services (DFCS) office. The referrals and required verification are through Home for Good. The activity serves as a homelessness prevention tool for youth aging out of Foster Care.

The following are requirements of the participants:

- ◆ Foster youth must begin, continue, and/or maintain appointments and case management visits with social service providers.
- ◆ Vouchers expire in 36 months or age 23, whichever comes first.
- ◆ Foster youth must meet 20-hour/week work requirement.
 - Work an average of 20-hours per week; and/or
 - Attend school an average of 20-hours per week; and/or
 - Attend job training course an average of 20-hours per week.

Foster youth are required to exhaust DFCS resources first before being issued a Next Step Voucher (NSV). The primary intent is to ensure Foster youth are stabilized and ready to receive TBV.

HACG anticipates the following for the Next Step Vouchers (NSV) Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2016.02 Non-Competitive Project-Basing Process

This activity modifies applicable rules and regulations as necessary to project-base Section 8 rental assistance at HACG owned (direct & indirect ownership) properties without competition.

Under this activity, HACG implemented plans to project-base Section 8 rental assistance at properties it redeveloped which are Patriot Pointe and Columbus Commons. HACG will also use this activity for newly constructed housing and substantially rehabilitated properties to receive subsidy.

HACG will apply activity elements to convert the 55 PH units at Patriot Pointe and Columbus Commons after fiscal year 2021.

HACG anticipates the following for the Non-Competitive Project-Basing Process Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period

- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2016.03 Project-Basing Flexibilities

This activity allows HACG to modify its HCV Program guidelines. HACG can project-base more than 25% (or in the case of the RAD Program, more than 50%) of the building cap. Also, HACG is allowed to determine rent reasonableness at HACG-owned (direct and indirect ownership) and allows HACG to certify housing at HACG-owned units.

When PHAs exceed the 25% per building cap (or 50% cap on RAD buildings) on PBV units with Section 8 rental assistance in an existing building in multi-family communities, there is a supportive services requirement attached to the current PBV regulations for exceeding these caps. Under this activity HACG can project-base up to 100% of a building's units, as well as waive the participation requirement of families in the "excepted" units.

Currently, HACG offers limited Supportive Services at the RAD developments. HACG understands that supportive services must be available, and the families are aware of and strongly encouraged to participate in offered services; however, it is noted that participation by families living in "excepted" units is not mandatory, nor required.

HACG anticipates the following for the Project-Basing Flexibilities Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2018.01 Eliminate/Reduce Interim Certification Examinations

This activity allows HACG to modify its Housing Choice Voucher (HCV) and Public Housing (PH) Programs guidelines to increase staff productivity, assist program participants in the preparation for market-rate units, and to eliminate a growing concern of program participants reporting a loss of income shortly after completing and intake and/or annual certification examination.

To accomplish this activity, HACG has implemented the following:

- ◆ Eliminated interim certification examinations on Contribution Income
- ◆ Program participants that report contribution income cannot report a loss of contribution income for 12 months
- ◆ Limited program participants to 1 interim certification examination annually for all other income related adjustments (after 90 days or before 90 days of annual re-certification)

In March 2020, Centers for Disease Control and Prevention (CDC) responded to a pandemic of respiratory disease spreading from person-to-person caused by a new coronavirus which they named Coronavirus Disease 2019 (COVID-19) This situation poses a serious public health risk. The federal, state, and local governments encouraged people to stay home and away from large gatherings of 10 or more. Several businesses are taking precaution and closed for two weeks and possibly longer in order to lessen the spread of the disease, which results in many of our residents without work. As of January 2021, COVID-19 still poses a serious risk to public health and continues to impact the employment. HACG updated the Hardship Case Criteria to include language regarding any health/economic hardships associated with COVID-19, see item D. below. HACG continues to address hardship requests on a case-by-case basis according to the Hardship Policy.

HARDSHIP CASE CRITERIA

HACG will consider extenuating circumstances on a case-by-case basis in which households reporting Contribution Income may be exempted or temporarily waived from these new rent determination rules that include the following:

- A. HACG will consider temporarily waiving requirements from these new rent determination rules for program participants when program participants citing Contribution Income as their sole source of income produce evidence that the Contribution Income provider is medically incapacitated. The family's contributor's incapacities must be for an extended period (30+ consecutive days) that directly impacts the contributor's ability to maintain agreed upon monthly contribution. The loss of such contribution must directly impact a family's independent living needs, such as shelter, food, utilities, and/or similar expenses.

HACG reserves the right to analyze the impact of the contribution to social service benefits, subsidy level, and other circumstances in its calculation to determine length of time and/or reduction in family's fair share of rent.

- B. HACG will consider exemption of requirements from these new rent determination rules for program participants when program participants citing Contribution Income as their sole source of income produce evidence that the Contribution Income provider is deceased. The family has 15-days from contributors passing to provide HACG with the proper documents. HACG will consider retroactive changes when proper documentation within the timeframe is provided. When a family provides the documentation after 15-days, the family remains responsible for their fair share of the rent until changes are made. HACG will make rent changes effective within the standard 30-day timeframe.

HACG reserves the right to analyze the impact of the contribution to social service benefits, subsidy level, and other circumstances in its calculation to determine the length of time and/or reduction in the family's fair share of rent.

- C. HACG will not consider hardship cases under this activity when other income sources are included in the rent calculation as a result of the eligibility interview/certification process.
- D. HACG will consider temporarily waiving requirements from the rent determination rules for program participants experiencing a reduction in income or work hours as a result of any health/economic hardships associated with COVID-19.

HACG anticipates the following for the Eliminate/Reduce Interim Certification Examinations Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2018.02 Site-Based Housing Flexibility

This activity allows HACG to over-house eligible, qualified low-income families at all non-Public Housing site-based housing developments as well as Tenant Protection Vouchers (TPV) awarded to HACG for Ralston Towers residents and provide rental payment assistance for over-housed families to the landlord for the difference between assigned unit size and the eligible family's income means and/or voucher amount up to 120% of the Fair Market Rent (FMR) of the assigned bedroom unit at defined sites until an appropriate sized family becomes available to occupy that assisted unit.

Under this activity, HACG significantly improves the use of federal dollars and reducing vacancies. HACG offers unoccupied, large unit to smaller eligible, qualified families with limited housing options and limited resources.

For all non-Public Housing site-based housing developments once an appropriately sized family and right-size unit becomes available that meets the accommodation needs of the incumbent family, HACG will issue a 30-day notice in accordance with the "transfer form" for the incumbent family to move/transfer to the appropriate unit. The Ralston Towers TPV holders are permitted to remain in their relocated unit for the duration of their voucher or until they move out of their unit to a new unit.

HACG amended this activity in FY 2021 to include all future TPV's to be eligible up to one size larger and provide the rental payment assistance for the families to the landlord for the difference between the assigned unit size and the eligible family's income means and/or voucher amount up to 120% of the Fair Market Rent (FMR) of the assigned bedroom unit.

HACG anticipates the following for the Site-Based Housing Flexibility Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2019.01 Eliminate/Reduce Utility Reimbursement Payments (URPs)

HACG seeks to improve its cost efficiency and promote self-sufficiency through the implementation of this activity. Elimination of this task achieves Cost Effectiveness of federal dollars.

Under this activity, HACG will increase the minimum rent to \$150 to eliminate URPs (or at the least significantly reduce the number of URPs processed) over the next two years. The increase in minimum rent across all rental assistance programs significantly reduces negative rent situation that require an URP check.

Further, HACG’s schedule for increasing the minimum rent is as follows:

Year	Monthly Rent	Effective Date
2018	\$50	N/A
2019	\$100	January 1, 2019
2020	\$150	July 1, 2019

HACG provided significant lead time of notification to residents and does not anticipate any undue hardship because of the URP elimination. As needed, HACG will confer with its Hardship Policy on a case-by-case basis.

HACG anticipates the following for the Eliminate/Reduce Utility Reimbursement Payments (URPs) Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

2020.01 Sponsor-Based Emergency Voucher Program (EVP)

This activity sets aside 24 TBV’s for Emergency Housing for families affected by local natural disasters, fire, flooding or notice to condemn property prompted by local government action in Muscogee County. The TBV’s is limited to a 6-month period which allows the individual or families to process insurance claims, contract family members and stabilize their finances. This activity is not intended to assist individual single families housing displaced by natural disasters but rather families residing in multifamily developments where six or more units are affected by natural disasters, fire, flooding, or government condemned properties. HACG offers a top preference for eligible families on our waiting list that experience these types of emergencies. However, all the families receiving these temporary emergency vouchers are currently not in HACG assisted housing.

HACG will issue a flat-rate subsidy of \$600 per month per family to the Sponsor-Based Partner. HACG entered into a partnership agreement with Home for Good (HfG) on January 27, 2020. When emergency situation occurs, HfG will contact HACG to arrange for emergency housing provided with the EVP MTW Activity. To expediate the move-in-process, the family will have 30 days to income qualify. HfG will provide basic HQS inspections on the selected housing before move-in.

HACG anticipates the following for the Sponsor-Based Emergency Voucher Program (EVP) Activity in FYE 2023:

- ◆ No non-significant changes to this activity
- ◆ No modifications to the metrics during the period
- ◆ No different authorizations are needed to implement this activity than originally proposed
- ◆ No significant changes to this activity

iii. Description of Planned Use of MTW Single Fund Flexibility

The MTW PHA shall provide a thorough narrative of planned activities that use only the MTW single fund flexibility. Where possible, the MTW PHA may provide metrics to track the outcomes of these programs and/or activities. Activities that use other MTW authorizations in Attachment C and/or D of the Standard MTW Agreement (or analogous section in a successor MTW Agreement) do not need to be described here, as they are already found in Section (III) or Section (IV) of the Annual MTW Plan. The MTW PHA shall also provide a thorough description of how it plans to use MTW single fund flexibility to direct funding towards specific housing and/or service programs in a way that responds to local needs (that is, at a higher or lower level than would be possible without MTW single fund flexibility).

PLANNED USE OF MTW SINGLE FUND FLEXIBILITY
HACG uses the MTW Single-Fund flexibility to combine its funding sources to form the MTW Block Grant that will be used to administer current and future MTW Activities, rehabilitation associated with RAD, construction and/or Gap/Debt Financing of new developments, and to purchase and renovate a new Section 8 office. Additional Use of MTW Single Fund Flexibility is the following: Expand HACG’s affordable housing portfolio by acquisition of or development of affordable housing units; utilize MTW funds for extraordinary maintenance, enhanced security, and rehabilitation of HACG controlled existing affordable housing; assist with providing Wi-Fi Infrastructure for all HACG properties; fund Community Resource Coordinator personnel; and strategically reduce debt at HACG controlled affordable housing in order to maintain financial viability. The MTW Single-Fund Flexibility will be used to continue operations during any current and future government shutdown.

B. LOCAL ASSET MANGEMENT PLAN

- i. Is the MTW PHA allocating costs within statute?
- ii. Is the MTW PHA implementing a local asset management plan (LAMP)?
- iii. Has the MTW PHA provide a LAMP in the appendix?
- iv. If the MTW PHA has provided a LAMP in the appendix, please describe any proposed changes to the LAMP in the Plan Year or state that the MTW PHA does not plan to make any changes in the Plan Year.

C. RENTAL ASSISTANCE DEMONSTRATION (RAD) PARTICIPATION

i. Description of RAD Participation

The MTW PHA shall provide a brief description of its participation in RAD. This description must include the proposed and/or planned number of units to be converted under RAD, under which component the conversion(s) will occur, and approximate timing of major milestones. The MTW PHA should also give the planned/actual submission dates of all RAD Significant Amendments. Dates of any approved RAD Significant Amendments should also be provided.

RENTAL ASSISTANCE DEMONSTRATION (RAD) PARTICIPATION

HACG received a Portfolio Award January 7, 2014 to convert 1,321 to Project-Based Vouchers under RAD Component One.

As of this Plan date, HACG has converted 783 units to RAD PBV as well as 410 units to HCV PBV. Chase Homes (GA004000407) consisting of 108 units are removed from the RAD conversion due to SAC Section 18 demolition approval. The CHAP for Chase Homes was returned on May 14, 2020. Elizabeth F. Canty Homes (GA004000408) Building 704 consisting of 6 units are removed from the RAD conversion due to the building being located in the floodway and could pose a safety risk to the residents and property. HACG has received CHAP awards for the remaining 427 units. HACG has two mixed-financed properties with public housing units remaining. These properties were not included in the RAD Portfolio Award because they were constructed following the date of the RAD applications for Patriot Pointe (31 units) and Columbus Commons (24 units). Including these properties, HACG will have a total of 482 units to convert to RAD, as well as 126 HCV PBV included in the new development of Chase Homes (The Banks at Mill Village) and Warm Springs Senior Village.

- ii. Has the MTW PHA submitted a RAD Significant Amendment in the appendix? A RAD Significant Amendment should only be included if it is a new or amended version that requires HUD approval.

No

- iii. If the MTW PHA has provided a RAD Significant Amendment in the appendix, please state whether it is the first RAD Significant Amendment submitted or describe any proposed changes from the prior RAD Significant Amendment?

2	How much would the vouchers pay?	The maximum of FMR is \$724 monthly for utilities and rent together for a 2 year term.
3	Are these vouchers for private homes?	Yes, this would be for private homes with landlords. The voucher would be sponsored based through HfG and HfG would contract with the Landlord.
